CSI 077 Taking Charge of Your Computer \$24.31
 Learn how to make your Windows-based PC behave the way you want it to, perform to its best capability, and protect it from viruses and other forms of malware. We'll start at the desktop and see how to make it look and work the way you'd like, and work our way down into the system from there. Have you ever wondered how to make a program start automatically, or wondered why the computer runs slower than it used to, or what does "defrag" mean, then this is the class for you. Put an end to computer intimidation and become the master of your digital domain!

X529 CSI 077 24 W 6:00PM- 8:00PM SEC 101 Badgley J

CSI 086 Microsoft Publisher \$36.47
 Learn to use MS Publisher for both your personal and professional needs. Students will become familiar with basic layout and design techniques through the application of Publisher's 'Wizards' and 'Blank Publications' programs. Photo integration, both from online and offline sources, will also be explored. Be creative, have fun, and gain useful skills from this informal, but informative, class.

X533 CSI 086 34 MTh 4:30PM- 6:00PM SEC 101 Plews J

CSI 136 Quicken \$36.47
 Learn to put Quicken Deluxe 2008 to work for you! Quicken provides easy-to-use tools allowing you to maintain and monitor your family budget. Watch where your money is going; reconcile bank statements, balance your checkbook, and track and categorize your spending. See all of your accounts in one place; monitor and update online accounts, and pay bills easily and on time! Let Quicken show ways to spend less and save more; create savings goals and track progress, plan for a new home, baby, college, etc., and track 401(k) and IRA accounts. A great class for home computer users wanting to manage their budgets electronically.
